- Introduction to algorithms and Datastructures

CV

About Me

My name is Sotiris Sotiriou

I was born in Limassol, Cyprus

My native language is Greek

In my free time play the guitar, I own some Pi coins and I watch lots of football

Also I have served in the Cypriot army

The first interaction I had with a computer was when I was 12 at my first ECDL class, since then I fell in love with them and started to explore the world of computing.

Now I am capable of programming in Java, Ruby, HTML, CSS, C++ and Javascript
